

# SMART TECHNOLOGY OF TOMORROW TODAY

Tomorrow is now today and technology is key to our every day lives. With the emergence of the smart home we have taken the biggest steps in integrating your bed into this new world. Our past knowledge, experience and innovations have inspired us to develop this new range and provide you with the tools to enhance your sleeping experience.

1996

2000

First Bluetooth Phone Released.

## POSITIONING

Bed can be left in its position where before it had to be laid flat to get in and out of bed.

## ACTUATOR MOTORS

The motors have been moved apart to support the head and foot end, allowing them to separate away from the center, providing additional comfort. Bluetooth was then added to control the bed from your Smartphone allowing for future integration with your Smart Home.

## MATTRESS RETENTION BAR

Well tested and proven itself to hold the mattress in place.

UP TO  
25<sup>st</sup>

## USB CHARGERS

Options for adding USB sockets to the frame allow for smartphone charging.

2004

Single Actuator Motor Patented.

2007

The iPhone was launched along with other Smartphones and App Stores allowing for independent development.

## UNDER BED LIGHTING

Motion sensing LED lighting to light those waking minutes.

## CENTER SIZE INCREASE

The center was increased to improve comfort around the torso.

## MECHANICS

The development of the Radial Arms improves Comfort and strengthens the frame making it more durable and stable. It does this by not just elevating the foot and head end, but moving it outward and not pushing to the centre.

2017-18

Smart Matic Range Innovation Release

For 20 years the electric adjustable bed has been the same. Limitations in the design of the frame has provided valuable feedback, which takes time to allow us to innovate.

This has come from the care sector and previous generations, to develop a comfortable lifestyle product for the domestic market.

While designing we have also seen new technologies emerging and has allowed us to converge technology and sleeping into a product which is clean, sophisticated and at the cutting edge of technology and bed design.

ULTIMATE IN LIFESTYLE COMFORT
